Sir,

In forwarding herewith an original, report No H C 22-34 dated 5th Octr 1934, with its enclosure, received from the Preside Konanur Municipal Council re the grant of copies in Municipal Offices, I have the honor to state as follows -

The Local Auditors observed during the examination of the accounts of the Konanur Municipality, for 22-23, that the rule under which copying fees amounting to Rs 7-12-0 collected during the year had been paid to the office staff might be stated

The President has submitted an extract from the Audit Notes on the above subject and has reported that there was no specific provision in the Municipal Regulation or the Rules framed thereunder, regarding grant of copies, that the average copying fees collected in a year would not exceed Rs 10/-, that the rules for the grant of copies in Revenue Offices are being followed in his office also, and the copying remuneration is being paid to the staff and has requested that the rules on the subject in the Revenue Offices may be made applicable to Municipal Offices also

In this connection I wish to state that Government have in their Notification No I 400f/Mi 14-35-5 dated 11/13th Dec

342/834 - P

permitted the grant of copies of Birth and Death Registers in minor Municipalities and the levy of a fee of 0-8-0 in such cases On a reference from the President, Hassan Town Municipal Council re the grant of extracts from the proceedings of meetings, the General Secretary to Government observed in his letter No L 5044/11 H O 18-31-7), dated 13/15th January 1932, that there was no objection to the grant of such extracts provided the usual copying fees were paid Beyond these, there does not appear to be any specific provision for the grant of copies in Municipal Offices

In these circumstances, I request you to be so good as to move the Government to issue a notification permitting the adoption of the copying rules and the scale of fees now in force in the Revenue Offices in the Municipal Offices also, as copies of and extracts from records and registers have necessarily to be granted

Sir,

I have the honor to state that in G O Nos L 6622 M1 133-34-2 and L 6623 M1 133-34-3 of 26-3-35 rules have been framed for regulating the rates of fees for copying and search and grant of copies of public documents in the custody of Town and Minor Municipal Councils Similar rules do not exist in City Municipalities In the Bangalore City Municipality, copies are being applied for and granted and some fees also recovered and paid to the clerks of the offices, though there are no rules authorising the procedure The money recovered does not also pass through the Municipal Account In the Mysore City Municipality

34 rules framed under Section 46(c) of the old Municipal Regulation of 1906 are still having the force of law under Section 2(b) of the New Regulation and provide for the recovery of copying fees at the rate referred to in Rule 2 of the Notification under reference but the rules do not provide for the apportionment of the fee among the copyists and examiners nor do they provide for other matters referred to in the rules in the Notification under advertance I therefore suggest the desirability of issuing a set of rules providing for all these matters also I request orders of Government in the matter
